<b>ANNOUNCEMENT</b>
---------------------

### Profit Warning

Compared to 2024, Turnover in 2025 is expected to register a decrease, while Operating Profit from ordinary/existing operations registers a decrease, mainly due to the decrease in Turnover, but also due to the increase in Administrative Expenses, as a result of the expansion of the range of products available in the distribution sector. Profitability, excluding the results of associated company Demetra Holdings Plc ("Demetra"), is expected to increase significantly, mainly due to significantly decreased Net Finance Costs.

No safe estimate can be provided on final Profitability after Taxation, due to the unavailability of all necessary information in relation to the expected results of Demetra. The Company will make announcements in due course, once all necessary information is available.
