ANNOUNCEMENT

Profit warning

Compared to the corresponding period of 2025, during the first half of 2026, Turnover is expected to register a marginal decrease, mainly due to the armed conflict between the U.S., Israel, and Iran in the Arabian Gulf region, which is having a negative impact on the overall business environment, while Operating Profit from ordinary/ongoing operations is expected to remain at approximately the same levels. Profitability, excluding the results of the controlled company Demetra Holdings Plc ("Demetra"), is also expected to remain at approximately the same levels.

No safe estimates on final Profitability after Taxation can be provided, due to the unavailability of all necessary information in relation to the expected results of Demetra, The Company will make announcements in due course, once all necessary information is available
